

24 International Wood Machining Seminar

Corvallis, Oregon, USA. August 25 - 30, 2019

Oregon State University

Memorial Union Building

OSU Campus

Welcome !

Welcome to the 24th International Wood Machining Seminar, IWMS-24. The seminar will be held in Corvallis, Oregon, USA from 25th to 30th August, 2019, hosted by the [Oregon State University College of Forestry](#). You are warmly invited to attend and contribute to IWMS-24, and to join the post-seminar industrial tour.

IWMS-24 is the 24th in a series of world-class seminars started in 1963. It provides a forum for leading international researchers and practicing engineers to present and discuss recent advances in wood cutting tools, processes and machinery. Practical information exchange and technical interaction among wood machining professionals are primary objectives.

IWMS-24 is being held in [Corvallis](#), Oregon, USA, on the campus of [Oregon State University](#), a leading [center of wood and wood products research](#) in the United States. Oregon is a major center of the west coast wood industry and is well-known for progressive forestry and industrial practices. An optional post-seminar tour will enable participants to visit nearby wood processing plants and other places of interest. [Corvallis](#) and the nearby major city of [Portland](#) are also a very attractive destinations for visitors, and the [surrounding areas](#) provide many recreational opportunities.
