I am Manoj Kumar wood technician by profession, enclosing my CV for your consideration as possible candidate for the post of QA/AQA manager. I am Currently working as QA engineer in Steinhoff International liaison office – Gurgaon. I am fully responsible for shipping out export quality furniture as per buyer's set quality parameters and their respective testing requirements.

Apart from my 2 year's masters in Wood Science and Technology where I have gone through various solid wood and composite wood related courses including HRM, will add to my ability and bring new dimension to the vacancy.

Please consider my request for a personal interview to further discuss, my qualification and this job opportunity.

With regards,
Manoj Kumar
