(INTERDISCIPLINARY) SUPERVISORY ECONOMIST, SUPERVISORY
GENERAL ENGINEER, OR SUPERVISORY PHYSICAL SCIENTIST

GS-0110/0801/1301-15

FPL HEADQUARTERS, MADISON, WISCONSIN

ABOUT THIS POSITION

This position is with the USDA Forest Service, Forest Products Laboratory (FPL), Wood Products Research (WPR) unit, and is located in Madison, WI. This position is located at a Forest Service Forest Products Laboratory (FPL), the functions of which include utilization and other research related to the timber resources of the United States and the world. The incumbent serves as Assistant Director in charge of Wood Products Research with direct line responsibility for the administration, coordination, and direction of research programs related to a variety of problems including economic feasibility of wood and timber-based products, wood preservation methods, nature and behavior of wood and wood products, the development of economic and life-cycle assessments for wood products and structures, and the basic understanding of wood, including its anatomical, physical and engineering properties.

The incumbent is responsible for science quality assurance and relevance, policy formulation, advice and leadership in responding to complex issues regarding the development of scientific research programs of the FPL. The incumbent is also responsible for supervising, directing, and developing staff if applicable with stakeholder input, and assisting the Project Leaders or Program Managers with development of short-term and long-term programs of research.

The FPL provides leadership within the Forest Service and to States, universities, and forest industries and at the international level. This position is **permanent, full-time**, and may be eligible for other flexible work arrangements, but it is not a virtual position. Government housing is not available.

ABOUT THE FOREST PRODUCTS LABORATORY

The Forest Products Laboratory, USDA Forest Service, uses science and technology to conserve and extend our Nation's forest resources. FPL is recognized around the world as a source of unbiased information about wood science and use. The Forest Products Laboratory has about 170 employees including 60 scientists all located in Madison, WI. More information on the Forest Products Laboratory is on our website: <http://www.fpl.fs.fed.us/>.

ABOUT THE COMMUNITY

Madison, WI: The capital of Wisconsin, Madison is also the seat of Dane County and the focus of a metropolitan statistical area that includes the entire county. The city was founded as the state capital, where no other permanent settlement had previously existed, on a unique geographic site, a narrow isthmus of land called Four Lakes Isthmus between two lakes. Since Madison was founded, the natural beauty of its setting has been enhanced by parks and boulevards with an impressive State Capitol Building and plaza at the center of the city. Madison is the base of the University of Wisconsin, a nationally respected research institution known for a tradition of academic excellence. There are numerous university, education, and sports opportunities. The city hosts a minor league baseball team, the Madison Mallards. We are within two hours of two NFL teams, three MLB teams, an NHL team, an AHL team, and two NBA teams. Outdoor activities abound, with an excellent bike trail system, sailing clubs, golf courses, ski slopes, and hiking.
