## Wood Products Technology - Tenure Track Faculty

### COMPANY DESCRIPTION:

**SUNY Morrisville, a college that leverages the expansive resources of the State University of New York, is a model of innovative applied education. Located in the center of New York State, the college offers students hands-on, experiential learning in modern classrooms and specialized facilities, many of which are rare or one-of-a-kind in higher education. Morrisville's 3,000 students - who come from diverse backgrounds across the state and around the world - choose from more than 80 associate and bachelor degree programs that embrace agriculture, technology, business, social sciences, including Psychology, Criminal Justice, and the liberal arts. An internship program that prepares students for success in the 21st-century workplace ranks among the top ten in the nation. At Morrisville, motivated students work alongside talented faculty members - many with field experience - to imagine, build, and test practical, sustainable solutions to some of the fundamental questions confronting a shrinking world with diminishing resources.**

**The Morrisville campus is 30 miles southeast of Syracuse and 30 miles southwest of Utica; it is a half-hour drive from the New York State Thruway with easy access to Albany (two hours), Rochester (two hours), Buffalo (three hours) and New York City (four hours).**

**The Norwich Campus of SUNY Morrisville has been serving the Norwich community and the surrounding areas for more than 46 years, offering students associate degree options such as Criminal Justice, Computer Information Technology, and Nursing. The campus is also used by businesses, not-for-profits and community partners for training, events and videoconferencing.**

**The Syracuse Educational Opportunity Center (EOC), administered by SUNY Morrisville, provides the urban community of Syracuse with innovative academic programs leading to higher education as well as vocational training programs leading to gainful employment and economic self-sufficiency.**

**Recognizing the importance of diversity in assuring the success of students and graduates in an increasingly global environment, SUNY Morrisville is committed to equity and inclusion in all aspects of hiring and employment.**

**JOB DESCRIPTION:**

**SUNY Morrisville seeks candidates for a full time, tenure track faculty position in Wood Products Technology. This position focuses on teaching at the undergraduate level, specifically in courses regarding primary wood processing, secondary processing, CNC operation, and glues and laminates. There will be limited capacity for research, but program expansion and curriculum development is expected from the successful candidate. Primary duties are to teach existing courses within the Wood Products Technology curriculum. This position will also be responsible for collaborating with industry professionals and academic institutions to revitalize and invigorate the wood products discipline. Additional duties include student advising, organizing and maintaining wood shop facilities, and participation in campus committees.**

**REQUIREMENTS:**

**Master's degree in appropriate discipline required, Ph.D. preferred. The successful candidate will have a demonstrated track record in the following areas:**

- **Capacity for interdisciplinary and collaborative teaching**
- **Practical experience outside of academia**
- **Teaching at the collegiate level, with strong preference to those with program and curriculum development experience**

**SUNY Morrisville is seeking candidates who have a demonstrated commitment to providing leadership in building equitable, diverse, and inclusive environments.**
