

Graduate research assistantship position

Graduate research assistantship position (PhD or MS) available at the Wood Science and Engineering Department at Oregon State University (OSU) and in collaboration with the Forest Products Laboratory (FPL) for fundamental research on adhesive interactions with wood. The successful candidate will work closely with a team of the world's leading experts in wood science from OSU, FPL, and Virginia Tech, as well as industry leaders.

Qualifications:

- BS or MS in wood science, chemistry, material science, or a relevant discipline.
- Demonstrated knowledge in research methodologies, data analysis, and academic writing.
- Prior experience with wood adhesives, their chemistries, and characterization is preferred.
- Strong interpersonal and communication skills.

Location: Corvallis, Oregon, USA

Expected start date: Fall 2024

Interested candidates should submit their full CV along with the names and contact information of three references to islam.hafez@oregonstate.edu. Please indicate "Student_adhesive_2024" in the subject line of your email and reach out if you need further information.
